

There is a general timeline on my school web page but this is a general overview of what and when we will be learning this year via a remote school day schedule Cohort A periods1. This is subject to change via, fire drills, snowdays, student understanding, covid, if there is a state exam ect. I am trying to have video lessons for days when they are in school as well on google class as well as remote days in case a student is absent or wants to review the lesson at home. The blank days are days for reinforcement or extensions on the topics from the previous days I hope this helps.

7th 1.2 Adding integers with different signs 13-18

7th 1.3 Subtracting integers 19-24

1 7th 2.1 Multiplying integers 37-42

2.2 Dividing integers 43-48

2.3 Apply integer operations 49-54
