

There is a general timeline on my school web page but this is a general overview of what and when we will be learning this year via a remote school day schedule Cohort B periods 3-5. This is subject to change via, fire drills, snowdays, student understanding, covid, if there is a state exam ect. I am trying to have video lessons for days when they are in school as well on google class as well as remote days in case a student is absent or wants to review the lesson at home. The blank days are days for reinforcement or extensions on the topics from the previous days I hope this helps.

Welcome Back!

Teacher Letter, Benchmark assessments

Lesson 1.1,1.2,1.3 Integers 7-26

Lesson 3.2 Identifying Opposites and Absolute Value of Rational Numbers 1, 2

Lesson 3.3 Comparing and Ordering Rational Numbers 1, 2

7th grade

1.1 Adding integers with the same sign pages 7-12

1.2 Adding integers with different signs 13-18

1.3 Subtracting integers 19-24

1.4 Applying adding and subtracting integers 25-30

2.1 Multiplying integers 37-42

2.2 Dividing integers 43-48

2.3 Apply integer operations 49-54
